

The K-Love Radio Network is an important service to my family. It keeps us connected to the rest of the community on opportunities that are available for my family to participate in. It is a positive, encouraging and family-friendly radio station that I feel safe letting my children listen to all of the time. If K-Love Radio were to be displaced by an LPFM broadcaster, I would not be able to be assured that what my children was listening to was safe or appropriate for them. I would also be disconnected from programming that is relevant to the events in my life. The service provided by the K-Love Radio Network is in the public interest because it is safe for the whole family to listen to. It is promoting strong moral values which is always good for a community. It promotes community service opportunities. K-Love Radio Network is literally the only network my family listens to and if it were to be replaced by an LPFM broadcaster we would have nothing family-friendly to keep us connected to the community around us.

Thank you for hearing my comments.
